Publisher:	R.L. Ranch Press

“Amy Lansky's new book is an inspiring and far-ranging investigation of contemporary consciousness research... She is also encouraging us to explore the transformation of our consciousness as a way to increase our peace of mind, happiness, and what the Buddhists call liberation from the wheel of suffering. Who would not want that?”—**Russell Targ**, author of *Limitless Mind*

"This is a delightful book. Well written and intensely packed with interesting information. It made my head spin—in a good way!"—**Dean Radin, PhD**, author of *The Conscious Universe* and *Entangled Minds*

“Amy Lansky leads us on an inspiring and thought-provoking romp through a panoply of portals to our higher dimensional selves. She's an entertaining travel guide to the minds of great scientists, mystics, and philosophers as she argues convincingly that we really can bring the improbable futures we want for ourselves into reality. Let her alter your consciousness and take you higher!”—**Jane Kutra, PhD**, author of *The Heart of the Mind* and *Miracles of Mind*

“Though the topic is vast, Amy has created a work that is accessible and engaging. Using examples from her own life and experiences, she uses the narrative to deftly guide the reader through the worlds of unexplained phenomena, alternative medicine, and meditative practice. Grounded both in science and mystic tradition, her book is an inspiring invitation to explore the portals to higher consciousness for yourself.”—**Judy Kitt**, President, Foundation for Mind-Being Research

Active Consciousness: Awakening the Power Within is one of the most exciting and far-ranging books available on the topic of consciousness, spirituality, meditation, and the evolution of human awareness. Get ready for an exploration of the esoteric, grounded in an intriguing model of reality based on higher dimensions in space! Comprehensive, yet at the same time accessible and personal, this book includes exercises and experiments in meditation and self-inquiry that will help you to transform your life and evolve to a new level of awareness.

About the Author: Amy Lansky, a former NASA researcher in artificial intelligence, received her doctorate in computer science from Stanford University in 1983. She left the world of computers to pursue an interest in homeopathic medicine, which culminated in her best-selling book, *Impossible Cure: The Promise of Homeopathy*. Her new book, *Active Consciousness*, explores the power of human consciousness and our collective ability to evolve and heal ourselves and our world.
